IMPLEMENTATION TIMELINE

UPDATES

Melissa Stafford Jones has been hired by HHS to lead implementation and coordination of the Children & Youth Behavioral Health Initiative

The education coalition workgroup on behavioral health is meeting weekly in January and February with Melissa Stafford Jones and members of HHS, DHCS, and HCAI.

The education coalition will hold briefings with legislative staff in February to discuss the need for LEA BOP audit reform and solutions to education's behavioral health workforce shortage.

A bill will be introduced this year to make needed reforms to the LEA BOP audit and appeals process that will help LEAs receive more Medi-Cal reimbursement for behavioral health services.
