

TO: California K-12 Education Community
FROM: California Safe Schools Team
DATE: February 17, 2022
SUBJECT: COVID-19 Data Update

We intend to provide regular updates to ensure you stay informed on the latest statewide trends. As previously noted, we will formally reassess conditions on February 28 to determine subsequent changes to the statewide school indoor masking requirement.

* Click [here](#) to [host a vaccine event](#) at school, or [contact us](#) for more info.

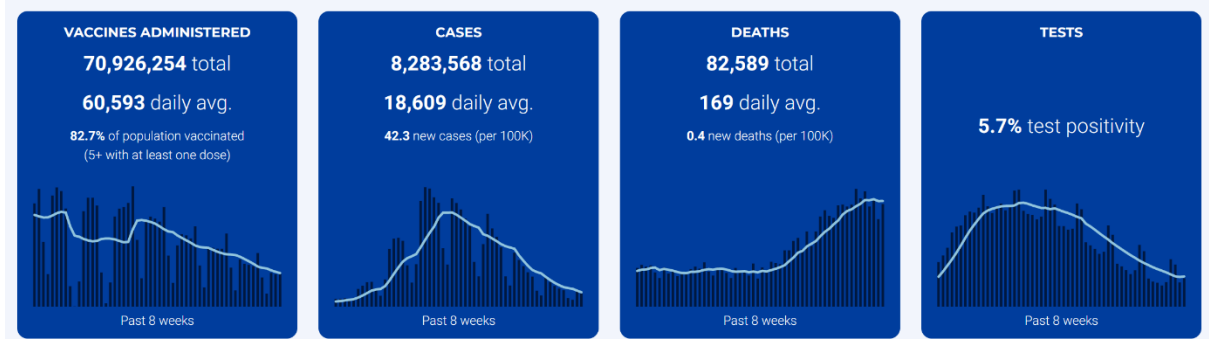

* Click [here](#) if you are interested in [state support for school-based COVID-19 testing](#).

* Adult size N-95 and surgical masks continue to be available for ordering from the state inventory.

Trends: Statewide Epidemiology
