

Awards Updates

Presenter: Kindra Britt

Item Type: Information

Recommendation:

Background:

Awards: The CCSESA Awards Committee, chaired by the President-elect, has met and selected five of the awards that will be given out at the Awards Ceremony at the September General Membership Meeting: Executive Leadership, Professional Publication, Technological Innovation, Legislator of the Year, and the Legacy Award.

The Star Award winners have been selected via the respective five steering committees: BASC, CISC, PASSCo, SPSSC, and TSC.

The Champions Award will be selected soon by its respective committee/process.

Award notification letters were sent out August 1st and winners will be kept secret to the extent possible until names are announced at the ceremony in September.

Four of the five awards chosen by the committee (Executive Leadership, Professional Publication, Technological Innovation, and Legislator of the Year) were then forwarded on to the 2022 Association of Educational Services Agencies (AESA) national awards program. Their committee met in July to select the winners and they will announce on their own timeline. John Bass from AESA will plan to attend our September ceremony to hand out awards, if applicable.
