73%

of students enrolled for 21 days or more earned Career Technical Education credits.

PCOE's **School Psychologist** offers **weekly office hours** for any student who requests social-emotional support.

Future Plans

Increase **A-G course** offerings and additional CTE pathways

Access to **community college classes** for students and graduates

Daily access to **social-emotional and therapeutic support** from a trained clinician

Technology and equipment to increase access to college classes and career readiness opportunities

Increased **transition supports** for students leaving the facility

Sammy, Graduate of PCOE Program

"Being in Honour Schaps **saved my life**. It got me sober. The hall showed me that school is important and that I needed to graduate. I didn't want my life to be what it was there - **I wanted something different**. Now, I have a full-time job as a solar installer."

Jonny, Former Student

"Teachers put so much **time and energy** into the kids. Everything I learned **helped me get a job**. CTE with Ms. Jenny prepared me because of the certifications and work experience activities."

J., Student

"(Honour Schaps) gave me **hope and purpose** for doing my school because I feel motivation now. I am feeling happy enough that I want to take a college course. I officially requested assistance here in doing so."

Kathleen, Proud Parent

"The incredibly invested and innovative educational staff at Honour Schaps are doing a **magnificent job** with both my sons."

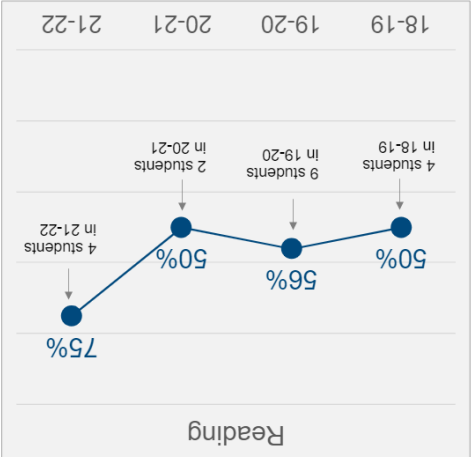

As a parent of high risk youth, I am relieved to know individuals and programs such as Honour Schaps are available to **level the playing field** for even the most challenged teammates, so they may reach and exceed their true potential!"

readiness opportunities.

Stefany, Come Back Graduate

I was with the Come Back Program for 6 months until I graduated, and every step of the way my teacher, Kristina, was **always available to help me** when I struggled. What I liked most about the program was I could do the assignments at home and meet with the teacher once a week.

This program gave me the chance to **achieve my goal** of becoming a substance use counselor. I now work full-time as a SUD counselor for a great organization. None of this would have happened if it was not for the Comeback Program. I hope others have the opportunity to utilize this program so that they, too, can achieve their goals.

Evan, iCARE Seat-Based Student

At my old school, I wasn't making the best choices due to lack of motivation and not feeling safe. When I made the change to iCARE, the situation was completely different. I **felt welcomed, listened to, and respected**. I have connections with every teacher, aid, counselor, and principal.

I know **everyone here wants the best** for all of us and treats us as equals. Here we are real students who have a say in our personal learning styles. I **enjoy coming to school now**, and it's very motivating to know I have easily accessible help and support from anyone.
