State Board Hosts Webinars on LCAPs

The State Board of Education has just announced that it is hosting two webinars to support school districts as they work on their 2014-15 Local Control and Accountability Plans. We encourage county office staff to register for the upcoming webinars, which are scheduled for **April 10** and **April 17**. We also urge county offices to make sure school district leaders in their counties are aware of the webinars. More detailed information from State Board staff is attached for your information.

The first webinar will focus on Sections 1 and 2 of the LCAP. The webinar on April 17 will focus on Section 3. The webinars will be presented by the State Board of Education and WestEd, with active support from CCSESA. Presenters in both webinars will include leaders from BASC and CISC. Presentation slides will be distributed to registered attendees the day before each webinar.
